Notes

1. FI rate includes accommodation, all meals, twice daily scheduled camp activities, park fees, laundry and all local drinks - excludes premium imported brands and champagne.
2. Seat rates on our Wilderness Air flying circuits may be utilised on a standalone basis - they do not have to be booked in conjunction with accommodation or other services through Wilderness .
3. Should you book Wilderness camps but your own flying, charging RSP rates less 15% no longer applies in Botswana. In this scenario, standard accommodation rates are applicable.
*** The exception is Wildernss Mombo and, Wilderness Little Mombo - they still have to be booked in combination with another Wilderness camp (in any country) for standard rates to apply. If Wilderness Mombo or Wilderness Little Mombo are the only Wilderness camps booked, then RSP rates less 10% apply.**
4. Linyanti Tented Camp (LTC) actually consists of two parts - East and West, both with four twin rooms and their own main areas. While Linyanti Tented East hosts a number of series, particularly in peak season, there are occasions when it is available so we have now opened inventory to both sides on an FIT basis. Situated right next to each other, East and West can be sold as separate camps, or as one larger camp. Although the camps are set up as two separate entities in inventory, **we do reserve the right to consolidate bookings in one or other camp due to numbers and if deemed appropriate.** Unless sole use has been booked and charged for, you cannot confirm East or West - only Linyanti Tented Camp.

Long-stay Discount

1. Valid for bookings of 6 nights or more at all Wilderness camps, the 5% long-stay discount is applicable to accommodation only (per person, per night) in low season. It does not apply to private vehicles, flying, transfers and sightseeing.
2. The long-stay discount is not applicable in peak and festive season, 01 June to 31 October and 20 December to 05 January.

It is a condition of travel with Wilderness that guests have travel insurance. Should they not have insurance cover, they will be personally responsible for any costs incurred as a result of a medical emergency or evacuation, as well as any other insurance claim situation such as loss of luggage.

WILDERNESS AIR FLYING CIRCUIT

On occasion, flight times may vary slightly as a result of unforeseen circumstances: late arrival/departure of scheduled commercial airlines, delays with the customs & immigration process, aircraft technical and maintenance requirements or diversions due to adverse weather conditions or any other delays which are beyond the control of Wilderness Air or in the interest of the safety of our passengers. Wilderness Air will always endeavour to rectify the situation to the best of their ability, however, they cannot held liable for any costs incurred as a result. There will be no refunds due in the event that alternative arrangements need to be made. Wilderness Air shall only be held liable for such costs in events where such delay was a direct consequence of the gross negligence or wilful misconduct of Wilderness Air. **When the need arises, Wilderness Air reserves the right to charter an authorised, third party, preferred aircraft operator.**

Certain Restrictions for Wilderness Botswana Airstrips

Access to the Mombo airstrip will be restricted to Wilderness Air only. The reason for this is that the location of the airstrips is so close to the camps (the premier camps in particular) that the constant noise of air traffic is negatively impacting our guests' wilderness experience - precisely the reason they seek to be in these wild places. Wilderness Air ensures there are optimum passenger numbers on their aircraft and operate flights during a set flying window between 11:00 - 16:00, which in turn allows our guests to enjoy as much peace and quiet as possible - both in camp and on activities. This ruling applies to Botswana charter operators only - it is not applicable to private or sole use charters booked with foreign operators.

It is a condition of travel with Wilderness that guests have travel insurance. Should they not have insurance cover, they will be personally responsible for any costs incurred as a result of a medical emergency or evacuation, as well as any other insurance claim situation such as loss of luggage.

Notes

- 1. Rates are quoted per person per seat.
- 2. Seat rates on our Wilderness Air flying circuits may be utilised on a standalone basis - they do not have to be booked in conjunction with accommodation or other services through Wilderness.
- 3. There is no minimum number nor single surcharge applicable when using the Wilderness Air circuit in Botswana, except on the Victoria Falls or Livingstone / Kasane flights.
- 4. Rates are subject to change as a result of circumstances beyond our control, including changes to Government and / or Airport taxes, navigation fees, landing fees, fuel prices, maintenance, industry increases or any other unforeseen costs.
- 5. Landing fees applicable of USD25.00 per person apply to Kadizora airstrip, Xakanaxa airstrips, Gorokwe Airstrip (Gomoti Plains, Gomoti Private only), Kiri Waka Airstrip and Savute Airstrip. This is excluded from the seat rates and must be costed in.
- 6. Landing fees applicable of USD35.00 per person apply to Khwai airstrip. This is excluded from the seat rates and must be costed in.
- 7. Landing fee applicable of USD100 per party applies to Pajo airstrip, which is excluded from the seat rates and must be costed in per arrival and per departure.
- 8. With the exception of the ZCAA Passenger Safety Charge which is included in the cost of flights between Kasane and Livingstone, additional taxes apply to all other charter flights in Zambia and must be paid directly at the airport when departing from Livingstone. Taxes are quoted as a per person cost and may be paid in US Dollars or the equivalent in Kwacha, the local currency. Note that Kwacha amounts may vary depending on the rate of exchange on the day. See grid below for further details.
- 9. Sole use charters are possible on a request basis, operated by Wilderness Air or a third party supplier. Contact your Travel Designer for availability and costs.

ITINERARY PLANNING NOTES

1. The scheduled Wilderness Zimbabwe road transfer services and the Wilderness Air Zambezi Triangle hops (Kasane/Victoria Falls/Livingstone) will tie in with the Wilderness Air Botswana arrival/departure times in and out of Kasane.
2. There is a departure from Kasane into the camps at 14:00/14:30, to coincide with international flights. Guests wishing to make use of this flight connection, and arriving from Victoria Falls or Livingstone by road (and ferry ex Zambia), must be at Kasane Airport by 13:00.
3. All flying to / from camps not in the Wilderness portfolio will be serviced by our preferred flying partner in Botswana on a seat rate basis or can be booked with Wilderness Air on a sole use basis (subject to availability) including flights from a Wilderness camp to a non-Wilderness camp and vice versa. Note that the costs of these flights are subject to the same circumstances beyond our control, including changes to Government and / or Airport taxes, navigation fees, landing fees, fuel prices, maintenance, industry increases or any other unforeseen costs.
4. In general, the flying circuit allows for guests to experience a morning activity on the day of departure or an afternoon activity on the day of arrival. On occasion this may not be possible depending on the timetables of the scheduled commercial airlines and / or the circuit routes.

WEIGHT ALLOWANCE AND LUGGAGE

These important guidelines below must please be noted for all air transfers with Wilderness Air.

1. As safety and a quality air service is a strict focus for us, it is vital that we manage all weight and balance calculations ahead of time. Prior to travel, we therefore require the weights of all guests that weigh more than 100 kg (220 lb). Please note this is purely for planning purposes and ensuring our aircrafts calculations are within the legal limitations.
2. Luggage, including both check-in and carry-on (handbag, backpack, camera equipment, sleep apnoea machine, etc.), is restricted to a maximum of 20 kg (44 lb) per person travelling on seat rates.
3. Soft bags with a rigid structure at the base - including wheels and/or a collapsible handle - will be accepted. Alternatively, standard soft duffel/tog type bags.
4. The maximum dimensions of ALL bags which can be accommodated are as follows: 30 cm (11.8 inches) wide x 35 cm (13.8 inches) high and 70 cm (27.5 inches) long.
5. Note that weight allowances on non-Wilderness Air aircraft may vary. Should guests be flying a combination of Wilderness Air and non-Wilderness Air flights, guests should adhere to the most restrictive luggage allowance to avoid the possibility of re-packing/storing luggage.
6. Luggage may be stored in our Maun and Kasane offices. We do not anticipate any problems with stored luggage being damaged or stolen, however, guests must ensure that they are in possession of full travel insurance including luggage cover. Neither Wilderness nor Wilderness Air, nor any person, agent acting for, through or on behalf of said companies, will be liable for any loss or damage whatsoever arising from any cause whatsoever.

EXCESS BAGGAGE TO ACCOMPANY GUESTS

- **One unit of excess baggage allows for an additional 20 kg (44 lb), no longer 75 kg (165 lb).**
- This additional weight allowance is booked as an extra line item - a seat on the aircraft no longer needs to be booked.
- The extra baggage must conform to the standard dimensions as detailed in the weight allowance section above.
- **The cost of this additional weight allowance is USD 100.00 - charged per 20 kg, per flight sector.**
- We highly recommend that excess baggage is pre-booked. Flight scheduling is done in advance, and if Operations do not know about the additional weight allowance required, there will be delays while the necessary arrangements are made re: aircraft and collecting payment. Note too, that if the last-minute additional weight entails arranging a second aircraft, the costs of a sole use charter will be passed on to the guest.

Luggage storage & Unaccompanied Transfer

Luggage storage at the Wilderness Maun Office is free of charge and available for guests starting and ending their safaris in Maun.

It is a condition of travel with Wilderness that guests have travel insurance. Should they not have insurance cover, they will be personally responsible for any costs incurred as a result of a medical emergency or evacuation, as well as any other insurance claim situation such as loss of luggage.

To learn more about Botswana and the history of the San Bushmen, the half day Tsodilo Hills excursion is recommended and is possible from all our Delta camps:

"Four Rocky Hills, including Botswana's highest point, jut strikingly out of the surrounding Kalahari Desert plains to form Tsodilo, a UNESCO World Heritage Site in the remote northwest of the country. A definite must see for those seeking more than wildlife from their time in Botswana. Over 4500 rock paintings, some dating back an estimated 26 000 years, adorn the marshmallow coloured quartzite rocks. The hills are sacred to the San Bushman who utilized the caves and water spring here until the late 20th century, and there is evidence of human activity here dating back from 100 000 years. Guests are accompanied by a San guide who will explain the fascinating artwork, presenting a side to Botswana few guests get to experience. The hike can be demanding but the hills have an air and allure that is difficult to describe - perhaps they possess a draw that appeals to something within us all.

- * *Total duration - half day, either morning or afternoon*
- * *Professional guide at Tsodilo*
- * *All entry fees, light lunch and refreshments*
- * *Doors remain open for Tsodilo excursions*
